Michigan Family Support Council

30th ANNUAL CONFERENCE

Wow! Another year has gone by in a flash. Welcome everyone, and congratulations Michigan Family Support Council on 30 great years.

As we begin this year's conference you will hear of the vision, mission and values of the child support program and the goals identified in our strategic plan. I urge you all to review the plan with an eye toward what we can do individually to bring forth the objectives in this plan. We are dedicated, intelligent, creative professionals. Let's bring those qualities to light as we demonstrate to all, our commitment to be the BEST THAT WE CAN BE. If we exemplify our commitment to the child support program we will achieve the goals we have established and benefit the families and children of this state.

The Michigan Family Support Council is proud to be a key part of our strategic plan regarding staff education and outreach.

"To sustain a culture of excellence in which Michigan child support professionals work as a single, inclusive team who are rewarded for their efforts by greater flexibility, pride in their accomplishments and the ability to develop leadership expertise."

The MFSC provides the opportunity for achieving this goal. Through our regional and annual training conferences we contribute to the success of our program by providing training and growth for child support professionals. I encourage everyone to make the most of this opportunity to learn, grow and network with one another.

Congratulations to the MFSC and the Michigan Child Support Program. Thank you board, silent auction committee, volunteers, vendors and Boyne staff for all that you do to make this conference a success. And remember, *"Who is wise? He who learns from all men."*

Jennifer Granzow, President
