#### **35<sup>th</sup> ANNUAL CONFERENCE**

Welcome members of the Child Support Family to Boyne Highlands for our 35th Annual Fall Conference!

Whether it is your first time or you have been at the MFSC Fall Conference many times, we hope you enjoy the conference and the wonderful setting. The MFSC Board has worked very hard during the last year to ensure this year's conference offers every attendee an opportunity to learn new and exciting information while at the same time enjoying the beautiful setting here at the Boyne Highlands Resort. Additionally, the networking that occurs here is an invaluable source of information and will assist all of us in our everyday work world for years to come.

The past year, as in every year, there were some significant changes in our work including changes to the Michigan Child Support Formula, Intergovernmental changes and the Medicaid Recoupment Project. These topics are just a few of the many sessions available to the attendees at this year's Conference. There are just so many interesting topics available to fill your day...and, there are some exciting changes at the Conference to fill your evening. Please be sure to check the brochure for the complete schedule of events (both new and traditional favorites) available while you are here at the MFSC Fall Conference.

The MFSC is proud to be a key provider of training for the professionals assisting Michigan families with Custody, Parenting Time and Child Support. Whether you work at the Office of Child Support, in the Prosecuting Attorney's Office or at a Friend of the Court office there are many sessions available to assist you in your daily work.

In closing, I would like to thank the MFSC Board, the Regional Boards and all the volunteers that make the MFSC Fall Conference happen. Thank you to our vendors and to the Boyne staff for all you do to make this conference such a great success. Without all of your efforts, we would not be able to put on such a great Conference.

Have a fantastic time at Boyne!! Please feel free to contact any MFSC Board member with ideas for future Conferences as well as offers to join your Regional Board.

Sincerely,

Sheila Waldrop, President  
Michigan Family Support Council
