Michigan Family Support Council

36th ANNUAL CONFERENCE

The Michigan Family Support Council (MFSC) welcomes you to Boyne Mountain for our 36th annual fall conference.

Whether it is your first time to the MFSC Fall Conference, or you have been to the conference many times, we hope you enjoy the new venue this year. Boyne Mountain is a beautiful setting; it offers us an opportunity to enjoy some time out of the office while learning new things that will assist us when we are in the office. There will be some new activities and many meal choices this year. All of the sessions will be in the Matterhorn building. Dinner will be offered at any of the restaurants on-site. With these changes, we hope that everyone will enjoy the Boyne Mountain experience as much, if not more, than the Boyne Highlands experience.

The MFSC Board has worked very hard the past few months to ensure this year's conference offers regular attendees an opportunity to learn new information while offering newcomers some traditional favorites. Additionally, the networking that occurs here is invaluable and will assist all of us in our everyday work for years to come.

There are many interesting topics at the conference to fill your day, and there are some exciting activities to fill your evening. Please check the brochure for the complete schedule of events (both new ones and traditional favorites).

The MFSC is proud to be a key provider of training for the professionals assisting Michigan families with custody, parenting time, and child support. Whether you work at the Office of Child Support, in the Prosecuting Attorney's Office, or at a Friend of the Court office, there are many sessions available to assist you in your daily work.

I would like to thank the MFSC Board, the Regional Boards, and all the volunteers who make the MFSC Fall Conference happen. Thank you to our vendors and to the Boyne Mountain staff for all you do to make this conference such a great success. Without all of your efforts, we would not be able to put on such a great conference.

Have a fantastic time at Boyne Mountain! Please feel free to contact any MFSC Board member with ideas for future conferences, as well as offers to join your Regional Board.

Sincerely,

Sheila Waldrop, President
Michigan Family Support Council
